

MyGlassStudio

A collection of Stackable Glass Plates which are oven safe, dishwasher safe and have outstanding durability. Perfect for the beautiful presentation of any culinary creation.

To Serve: Use individually or stack together in tiers, with the lids on, and the bumpers will prevent any sliding. Use the metal stand to add theatre to the presentation.

To Store: Stack without the lids to save space.

BENTO DINNER PLATES

At MyGlassStudio we are tableware designers. We design true bespoke glass dinnerware, table accessories, serve ware and room amenity presentations for the food service industry. With 3 libraries of 1800 shapes, 170 colors and 200 patterns, we are able to create "Exactly What the Customer Needs".

Being a boutique factory, we continually innovate to help the luxury hospitality market, in more than 140 countries, to achieve their primary goal: Delivering memorable experiences for their guests. In the past 17 years we have implemented numerous hotel opening projects and have procurement contracts with major hotel chains.

Founded in 1992, MyGlassStudio is the leader in glass manufacturing in all glass tableware, except drinkware. We design products for professional use and durability is priority. Our products come with an anti-chipping guarantee. In our design we also incorporate other materials as well, such as metal, brass, leather, wood and stone/marble.
