Part of the Hommage Zwiesel Glas range, inspired by the style and quality of an Edwardian gentleman's club. Mouth-blown in lead free crystal, is then cut with a traditional pattern and acid polished for the finest finish. Each glass has the weight and presence associated with traditional quality. Hommage glasses can be used as a stunning, complete service or individual glasses can be selected to provide impact for a specific drink or to act as a signature glass that reflects the quality and good taste of your establishment. The Hommage range contains three suites of glasses with three different cuts: Comete, Glace and Carat.

HOMMAGE CARAT

Verbelle is a refined, gourmet range, offering ultra-fine bowls and narrow stems. Use of tritan glass protect crystal lends extra strength and brilliance, as well as resulting in the glass being environmentally friendly and dishwasher resistant. The narrow stems have been strengthened with tritan protect. The rims are laser polished so they are fine but soft on the lips.
